The Officer's Daily Log

Meet the Photo & Video
Manager of Grand Princess

Claire Nel hails from the South African shores, where she studied Photography at the Nelson Mandela Metropolitan University.

In 2006, she joined Princess as an onboard photographer. She enjoys capturing moments through photographic means. The thought of having someone look at a photograph in 50 years, and it evoking a memory or emotion shared with loved ones, gives her a sense of satisfaction. When she is not behind the camera she enjoys spending time with friends and family.

By Photo & Video Manager Claire Nel

Between the excitement on board Grand Princess® and the fascinating sights at our ports of call, your voyage is sure to leave you with a lifetime of memories.

My staff of digital photographers and videographers and I are delighted to help capture the highlights of this cruise for you. We'll chronicle your memories at sea, including onboard events, ports and scenery. I invite you to visit our Photography & Video Gallery, where you can learn about the various products and services we have to offer.

Be sure to take advantage of all our studio locations set up in the Atrium each evening. All formal and casual portraits will be on display in the gallery on the following day. Please ask our staff about portrait packages, reprints and canvas enlargements of your favorite photos!

And don't forget about the one-of-a-kind Reflections DVD, exclusively produced for this cruise, featuring onboard events and scenic footage. Highlights of this exclusive onboard production are shown on Channel 34.

If one picture is worth a thousand words, the memories you'll bring home from this voyage are worth volumes!

From the Navigator

Throughout the day, Grand Princess will maintain north-westerly courses along the coast of Baja California. On the bridge, the Officer of the Watch uses RADAR (an acronym for Radio Detection and Ranging). The main purposes of radar at sea are for collision avoidance, track-keeping and navigation in poor visibility. Radar is a system for determining the range and bearing of an object by transmitting bursts of electromagnetic energy and timing the intervals between the transmission and return of the echoes. Grand Princess has five radar scanners on board; three on the main mast, one on the bow and one on the stern.

Dress Code

Smart Casual - Passenger attire should be in keeping with what they would wear to a nice restaurant at home.

- Skirts/dresses, slacks, and sweaters for ladies
- Pants and open-neck shirts for men
Inappropriate dinner wear such as pool or beach attire, shorts, ball caps and casual jeans (with fraying and/or holes) are not permitted in the dining rooms. Shoes must be worn.

Formal - When formal nights are held, please observe the dress code in the Traditional Dining and Anytime Dining venues for the enjoyment of all our passengers.

- Evening gown, cocktail dress, or elegant pant suit for women
- Tuxedo, dark suit or dinner jacket and slacks for men

Disembarkation Assistance

If you are confined or require wheelchair assistance to disembark in San Francisco please be sure to register at the Passenger Services Desk, Deck 6 Midship.

Romantic Quote of the Day

"...throw off the bowlines. Sail away from the safe harbor. Catch the trade winds in your sails. Explore. Dream. Discover."

- Mark Twain

Drift away from your schedule,
and towards yourself.
